PROJECTS & EXTRACURRICULAR ACTIVITIES

Pet Pro Mobile App (Wireframes) – *Final Grade: 90%*
Interactive User Design Course Project (*Adobe XD*)

- Collaborated with a team of four to design "Pet Pro," an all-in-one app for pet owners, featuring health tracking, location finder, and booking services for groomers and vets.
- Conducted user research and testing to address common pet care challenges, leading to a fully functional prototype focused on user-friendly design in Adobe XD.
- Overcame challenges related to time management with different courses and work after college.

Personal Portfolio Website
Self-Designed and Developed (HTML5, CSS3, Vanilla JS, Netlify)

- Built and designed a personal portfolio website to showcase skills, experience, and projects, with sections including "About Me," "Services," "Projects," and "Contact Me."
- Features include dark mode toggle, theme colour customization, and page animations, with a focus on user-friendly design and responsiveness.
- Overcame challenges related to time management and self-doubt during development

Google Developer Student Club (GDSC) – Marketing & Branding Team
Sheridan College

- Increased student engagement by managing and growing the club's LinkedIn, Facebook, and Instagram social media presence.
- Designed promotional materials to boost involvement in tech-related events and hackathons.

Sheridan Book Club – Executive Member
Sheridan College

- Organized and led bi-weekly discussions, focusing on project management and event planning skills.
- Coordinated with club members to enhance communication and active participation.
